

Improve your skills with upcoming training sessions from NCI

National Comfort Institute is offering training for TECH Clean California contractors.

National Comfort Institute, Inc. (NCI) provides heating, air conditioning, plumbing, and electrical contractors with services and tools to help them improve their businesses, differentiate themselves, grow, and become more profitable. NCI accomplishes this through membership groups and by providing unique tools (business management, sales, marketing, and technical), training, support, and coaching -- all designed to help customers differentiate their companies through measured performance, quality, and value.

Courses Offered:

Airflow Testing and Diagnostics

Intended for HVAC contracting firm owners, managers, and technicians, this eight-hour class provides technical training on how to perform static pressure testing, how to professionally install static pressure test ports, and how to measure and interpret static pressures. This course, normally \$1185, is being offered for free.

February 6, 2024 / Ferguson Enterprises - Hayward
26999 Industrial Blvd, Hayward, CA 94545

March 19, 2024 / NCI - Anaheim
2050 S. Santa Cruz St., Suite 1000, Anaheim, CA 92805

Refrigerant Side Performance

This residential and commercial certification class provides real-world lessons and hands-on training. Based on proven techniques on the best approach to refrigeration-side issues, you will learn how to apply NCI's performance-based, systematic approach to refrigeration-side diagnostics, including strategies for mitigating non-refrigerant faults prior to attaching refrigerant gauges. This course, normally \$2,070, is being offered for free.

February 7 - 8, 2024 / Ferguson Enterprises - Hayward
26999 Industrial Blvd, Hayward, CA 94545

March 20 - 21, 2024 / NCI - Anaheim
2050 S. Santa Cruz St., Suite 1000, Anaheim, CA 92805

Residential HVAC System Performance & Electrification

This NCI training package includes a two-day advanced certification in Residential System Performance and a special half-day training focused on applying your knowledge and skills to residential HVAC electrification. This training program provides the keys to delivering true system performance with real-world lessons and hands-on training. This course, normally \$825, is being offered for free - lunch included.

April 2 - 4, 2024 / Ferguson Enterprises - Hayward
26999 Industrial Blvd, Hayward, CA 94545

April 30 - May 2, 2024 / NCI - Anaheim
2050 S Santa Cruz St., Ste 1000, Anaheim, CA 92805

High Performance HVAC Design and Redesign for Electrification

During this three-day training you will learn to accurately complete four stages of system design using NCI and ACCA Manual J, S, D, and T. This course, normally \$1,000, is being offered for free. Lunch is included. Upon completion of this course, each contracting company is eligible for up to a \$500 rebate for the purchase of any ACCA Compliant Full Residential Load Calculation software.

January 9 - 11, 2024 / CFM Equipment Distributors, Inc. - Fresno
1744 South Pearl St., Fresno, CA 93721

March 26 - 28, 2024 / NCI - Anaheim
2050 S. Santa Cruz St., Suite 1000, Anaheim, CA 92805

May 15 - 17, 2024 / Ferguson Enterprises - Hayward
6999 Industrial Blvd., Hayward, CA 94545
